She woke weeping from the dreams, and she wanted no witnesses. She wasn't embarrassed by her tears. She just didn't want to share them with anyone but Barty. Vanadium sat in the chair, watching. With the perfect control of a

sleight-of-hand artist, he turned a quarter end-over-end across the knuckles of his right hand, palmed it with his thumb, caused it to reappear at his little finger, and rolled it across his knuckles again, ceaselessly. Bright though they were at all times, Barty's Tiffany eyes shone brighter now with beams of North Pole magic. "Maybe I do feel it." "When we pull away, people are waving across the street at the UPS truck, and the driver, he sees them, and he stands there, kind of confused, and then he waves back." Odder yet, the pianist had studied him with a keen interest that was inexplicable, since they were essentially strangers. When caught staring, he'd appeared rattled, turning away quickly, eager to avoid further contact. In August, he developed an interest in meditation. He began with concentrative meditation—the form called meditation "with seed"—in which you must close your eyes, mentally focus on a visualized object, and clear your mind of all else. Between Isleton and Locke, Junior first became aware of several points of soreness on his face. He could feel no swelling, no cuts or scrapes, and the rearview mirror revealed only the fine features that had caused more women's hearts to race than all the amphetamines ever manufactured. On the sofa, Celestina finally worked up the courage to dial her parents' number in Spruce Hills. Reaching between the slats, Agnes tickled the pink piggies on his left foot. "Toes." The prickly-bur ghosts of two little children didn't concern him. At worst, they were spiritual gnats. He remembered standing in the cemetery, downhill from Seraphim's grave—although at the time he'd known only that it was a Negro being buried, not that it was his former lover—and thinking that the rains would over time carry the juices of the decomposing Negro corpse into the lower grave that contained Naomi's remains. Had that been a half-psychic moment on his part, a dim awareness that another and far more dangerous connection between dead Naomi and dead Seraphim had already been formed? "Paul," she said, "you've got a lovely house, but Celestina and Grace are doers. They need to keep occupied. They'll go stir-crazy if they don't stay busy. Am I right, ladies?" This was only a fraction of Paul's collection. Thousands of additional issues filled rooms at home. He found the strength to squeeze her hand tighter than before. "Be safe. Keep Angel safe." The poor girl's blood pressure soared in spite of the medication. She suffered a violent seizure. Maybe the watch wouldn't be discovered with the corpse. Maybe it would settle into the trash and not be found until archaeologists dug out the landfill two thousand years from now. "The princess is correct," he acknowledged, revealing that this hand was still empty. Then he reached to the girl and plucked the quarter from her ear. WALLY HAD NOT gone home with Death, but they had definitely been at the dance together. He repressed the scream, however, because he sensed that if he gave voice to it, he wouldn't be able to silence himself for a long long time. They had not come to Junior yesterday in their grief, if in fact they had thought to grieve. Junior couldn't leave the dead man in the hall and hope to have any quality time with Celestina. Animal instinct told Junior that the business with the quarter in the diner and now these quarters in his living room were related to his failure to find Bartholomew, Seraphim White's bastard child. He couldn't logically explain the connection; but as Zedd teaches, animal instinct is the only unalloyed truth we will ever know. White as a Viking winter, these magnificent choppers, and as straight as the kernel rows in the corn on Odin's high table. Superb occlusal surfaces. Exquisite incisor ledges. Bicuspids of textbook formation nestled in perfect alignment between molars and canines. If he didn't find the Rolex and get back to his car before the reception ended, he'd forfeit his best chance of following Celestina to Bartholomew. He wondered what it would be like to make love to Renee and kill her. Only once had he killed without good reason. And that had been one of the infuriating Bartholomews. Prosser in Terra Linda. A man. On that occasion, no erotic element had been involved. This would be a first. The sight of the heavily bandaged face apparently pressed all of the compassion buttons in the reverend, because he broke out of his paralytic shock and started forward—before he registered the weapon. Through her efforts, the Bright Beach Public Library sponsored an ambitious oral-history project financed by two private foundations and by an annual strawberry festival. Local retirees were enlisted to record the stories of their lives, so that their experiences, insights, and knowledge wouldn't be lost to generations yet unborn. Outside, he realized he hadn't paid for his juice and waffles. When he turned back to the coffee shop, he saw, through one of the windows, an associate of Salk's picking up the check from his table. Filled with the songs of swallows that evidently preferred these precincts to the more famous address of San Juan Capistrano, this mild March morning was perfect for pie deliveries. Agnes and Grace had produced a bakery's worth of glorious vanilla-almond pies and coffee toffee pies. "Miss White," he continued, still facing the window, "not long before you arrived in surgery this morning, your sister died on the table. We hadn't delivered the baby yet, and perhaps couldn't have done so, by cesarean, in time to prevent brain damage, so for both the sake of the mother and child, heroic efforts were made to bring Phimie back and ensure continued circulation to the fetus until we could extract it." To the left, a door led to a back staircase, accessible with the special key already in his hand. To the right: a key-operated service elevator for which he'd been provided a separate key. Oblivious that she and Barty had become the center of attention, Angel said, "Does he ever get the quarters back?" The patches were held by the same two elastic strips, so Barty flipped up both at the same time. They had a few days for quiet celebration of this astonishing recovery of his sight, and in that time, she never tired of watching him read to her. He didn't think she even listened closely. It was the fact of him made whole that lifted her spirits so high as they were now, not any writer's words nor any story ever written. Jacob didn't know how he could ever bear to look at Agnes when she came home from the hospital. The sorrow in her eyes would kill him as surely as a knife to the heart. Either operating on first-aid knowledge of his own or responding to an instruction from the medic, the cop slipped a foam pillow under Agnes's head. He reached the end of the alleyway, stumbled into the stream of pedestrians, nearly knocked over an elderly Chinese man, turned, and discovered ... no Vanadium. Rolling onto her side, fumbling in the dark, Celestina White snared the phone on the third ring. Her hello was also a yawn. Her voice as bright as her bed ensemble, spiritual sister to baby chicks everywhere, yellow Angel raised her head from the pillow and said, "Will you have a wedding?" The hospital room was softly lighted, and shadows roosted on all sides like a flock of slumbering birds. "You look as if you've seen a ghost," said Vinnie, and Agnes wished the threat were as simple as a restless spirit, groaning and rattling its chains, like Dickens's Marley come to Ebenezer Scrooge on Christmas Eve. After supper in a roadside diner, Paul returned to his room and studied a tattered map of the western United States, the latest of several he'd worn out over the years. Depending on the weather and the steepness of the terrain, he might be able to reach Spruce Hills, Oregon, in ten days. The sudden change of subject, from the airliner crash to Phimie, confused Celestina. Agnes found this turn of events amazing, amusing, ironic—and a little sad. She would have dearly loved to teach the boy to read and write, to see his knowledge and competence slowly flower under her care. Although she fully supported Barty's exploration of his gifts, and although she was proud of his astounding achievements, she felt that his swift advancement was robbing her of some of the shared joy of his childhood, even though he remained in so many ways a child.
